When completed, the grid below will contain the 49 golf-related words and phrases below, interlocking in standard crisscross fashion: every word will be connected to at least one other word, and the grid will contain no words other than those below. Can you fit them in? To start you off, all the As, Ps, and Rs have been put in the grid already. Thus PAR is already spelled out (middle left), and APRON and PRO-AM will each fit in only one place. Each word you enter will, in turn, restrict where the remaining words can go. The finished puzzle has a unique solution.
